

Pursuit Fellow 6.0 Referral Program

Help us identify strong candidates for Pursuit 6.0! The three Fellows or Grads with the most high-quality referrals will win tickets (one each) to the Pursuit Tech Bash 2019.

How it works:

- Fellows and Grads will get 1 credit for each high-quality candidate they refer to 6.0.
- High-quality candidates are applicants who get invited to and attend the Javascript Workshop portion of Selections.
- There are two ways to get credit for a referral:
 1. Applicants list your full name in the “referral” section of the application.

OR

 2. You complete a [referral form](#) for a candidate *before* they apply to the program. (The recruitment team will follow up with an email to your referral, citing your name and inviting them to apply.)
- The three Fellows or Alumni with the highest number of credits at the end of the June 6.0 application cycle will receive a ticket to Bash 2019. There will be a raffle in the event of a tie.

Start referring here: [6.0 Referral Form](#)

**Fellows must be in good standing with the Bond ISA at the time of Bash in order to attend.*
